

Building Corporate Culture With Food

Company Description

Big Easy Beer Tours, LLC DBA Graze Dat! is a Black-, woman-owned charcuterie board and grazing board company that makes entertaining effortless! Since 2020, we have been curating and handcrafting luxury grazing experiences in New Orleans and its surrounding areas. Our boards range from single-serve grazing cups to full-on, multi-tiered grazing tables that serve as not just a source of nutrition, but also a bonding experience and conversation starter.

Core Competencies

Graze Dat offers a menu of custom grazing faire that makes hosting an event easy for groups large and small. Our menu offers customization options that ensure a variety of food items for just about any palate and/or dietary need.

Graze Dat offers corporate teambuilding charcuterie board workshops that promote employee wellness through mindful eating and food education. Our fun and delicious workshops can be done virtually or in-person and allow employees to strengthen their work bond through a productive and low-risk activity.

Differentiators

- Attention to detail - our focus is always on food and health, so every board, whether made by us or created in a workshop, contains artisanal meats and cheeses and the finest fresh fruit and vegetables that we can hand select.
- Education - we focus on food appreciation and our participants enjoy a wide variety of food and leave with the knowledge of how to pair their choices.
- Diversity and Inclusion - we cater to diverse palates and participants can choose what they want or don't want, thus creating a board that can accommodate a variety of dietary needs.
- Adaptability - our workshops can be used for enjoyment or tailored to highlight corporate initiatives such as Diversity, Equity, and Inclusion initiatives.
- We travel - the workshop can come to you for a more personalized experience.

Past Performance

Since our inception, we have created:

- over 12,000 grazing boards and platters,
 - over 20,000 cupcuterie and mini grazing cups,
 - over 100 grazing tables (including one for 200 people),
 - over 200 sandwiches,
- for clients including Tulane University, The Urban League of Louisiana, Women's Business Collective, Entergy, and more!

We have created and facilitated over 130 public, private, and virtual workshops since 2020 for including corporate workshops for organizations such as CityYear and Teach for America.
